Dear Examiner:

According to the USPTO PAIR System, the status of the above-identified application is that the application has been examined and allowed, but the Notice of Allowance has not yet been mailed. The status date on the PAIR System is **May 30, 2006**. Accordingly, it has taken almost 6 months for the Notice of Allowance to be mailed after allowance. Applicant respectfully requests a status report as to why it has taken so long to mail the Notice of Allowance, and a date when a Notice of Allowance will be mailed. Moreover, there are two IDSs shown in the Image File Wrapper for the present application that were entered substantially before the status date of May 30, 2006 (e.g., Jan. 31, 2006 and July 18, 2005). There is no indication on PAIR that these two IDSs have been considered the Examiner. Accordingly, it is requested that the Jan. 31, 2006 IDS be considered. Note, that the single reference of the July 18, 2005 IDS is also disclosed on the Jan. 31, 2006 IDS. Additionally, note that a new Information Disclosure Statement has been filed concurrently herewith.

Respectfully submitted,

By: /Dennis J. Dupray/
